LAMP/WAMP, XAMP

Experience

WalMart (Cornelia, GA)
Courtesy Associate

2013-2014

The Courtesy Associate position is an entry level retail job, with responsibilities that include customer service, carry outs, and cart collection. The primary focus of the Courtesy Associate is to collect carts and keep the parking lot of the premises clear of obstructions that could otherwise be a legal liability to the company. Other important responsibilities included customer care and professional interaction with client-base and helping the unloading area of the backroom.

Ethicon
Machine Operator

2015-2019

The Machine Operator job is an intermediate level job within Ethicon that is responsible for the production of quality sutures fit for surgical and medical use. Production must be performed to company specification. Produced material must comply with the regulatory requirements of the US FDA, as well as other governing regulatory bodies around the globe. Employees filling this position must observe OSHA standards as well as Johnson & Johnson's own safety policies. Workers are expected to document and maintain documentation that details how work is performed and how material was produced.

WalMart (Commerce, GA)
Courtesy Associate

2019-2020

The Courtesy Associate position is an entry level retail job, with responsibilities that include customer service, carry outs, and cart collection. The primary focus of the Courtesy Associate is to collect carts and keep the parking lot of the premises clear of obstructions that could otherwise be a legal liability to the company. Other important responsibilities included customer care and professional interaction with client-base and helping the unloading area of the backroom.

Mars Wrigley
Co-Pack

2020-Present

The Co-Pack position is responsible for the packing of manufactured goods and shipping them to distribution. Responsibilities include timely packing in a fast paced environment, and being able to cooperate with team members to accomplish company goals.
